BLOWN TO ATOMS.

TOBACCO.

This question, which has been agitated more or less in this county for the past two years seems to have but little weight with the farmers. For what reason, we can not say. It is an evident fact that the land of Rockcastle is not best adapted to the raising of corn or wheat, but by a comparison of the soil here to a similar kind in other county where they raise large quantities of tobacco, it is reasonable to suppose that it would be a good tobacco country. Take and compare what is made each year on corn with what the farmers elsewhere make on tobacco. The poor hillside land will make from one and a half to two barrels per acre; while the bottoms will go twelve to fifteen barrels per acre, or take the whole county on average, it will go five barrels. At \$2 per barrel, the way corn is selling now, how much money is to be made? On ten acres hillside land, we can count on about \$40 and on the same amount of bottom land, about \$240. Now let us see what would be the result if this same land was in tobacco. The following are some tobacco sales made in Louisville last week:

J. H. Reese, of near Keene, sold his crop of tobacco, consisting of about 11,000 pounds, at \$6.75.

James Ware, of Sharpburg, has sold a crop of 6,000 pounds of tobacco to the Continental Company for 8 1/2 cts. The same company has bought a number of crops in the same section of Bath for 8 cents.

Those who have raised tobacco say, that the land which we speak of as producing twelve and fifteen barrels of corn, will produce 800 pounds of tobacco and the hillside and worn out fields with a little fertilizer go to 400 or 500 pounds per acre. On the tobacco sales we find where one kind sells for 6 1/2 cts., another for 8 1/2 cts. and another for 8 cts. But suppose you could only sell your tobacco for 5 cts. per pound. Then, what would be the result? Ten acres in tobacco and 800 pounds to the acre would be 8,000 pounds at 5 cts per pound or \$400, a difference there of \$160 between what the corn would bring and the tobacco. Tobacco is no worse on land than corn and the time for working it comes when it does not interfere materially with the other crops.

Beat Out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Cholera, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for on every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by Theo Wesley Druggist Mt. Vernon.

A Prominent Chicago Woman Speaks.

Prof. Roxa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy says: "I suffered with a severe cold this winter which threatened to run into pneumonia. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by Theo Wesley Druggist Mt. Vernon.

The hazing, of cadets at West Point, has been carried to such an extent, that congress is now investigating the alleged cruelties practiced on Oscar L. Boose and John Breth of Pennsylvania, two former cadets. Anthony R. Burnam, of Frankfort, Kentucky, a former cadet, staded before the investigating committee, that Boose was ordered to do a great many things by the upper class men to furnish amusement for them, and that finally when he refused to comply any longer, he was forced to fight, by fighting committee, a fellow physically his superior, and almost had the life knock out of him from a blow in the stomach. He was also forced to eat a bottle of sauce at one meal that Burnam stated he never ate over one drop at a time. And all this took place and the officials knew nothing about it. It is a shame and disgrace to those in authority and if it can't be prevented any other way abolish West Point Military Academy! the time has arrived if it ever will arrive for universal peace, any way.

THE Boers are far from being conquered, as the British thought sometime ago, are actually fighting on the offensive, retaking territory which was taken from them sometime since, and capturing many prisoners. They are a brave, liberty loving people, and no man who has the spirit of independence within him and the love of his fellow man at heart can help but wish they will come out victorious in the end. They have proven themselves to be worthy foes and no doubt England now regrets her course

JUDGE TINSLEY, of the Twenty-seventh Judicial district, has received his commission as Judge of that district. Governor Beckham deciding that an election to fill a vacancy was valid whether a proclamation calling for it had been issued or not. This is the district in which John Henry Wilson was voted for at the same time for Judge by pasters on the ballots receiving a few votes and then contesting for the office, which he didn't get.

THE situation between the United States and Venezuela seems to be growing critical. The New York and Bermuda Asphalt Co. is having trouble with the local authorities, and Mr. Loomis, our minister at Caracas, seems not to be able to obtain any satisfaction. The war ships Hartford and Scorpion are looking after our interests there and of course they will be well protected.

Phil D. Armour, the head of the American Packing Co. of Chicago, is dead, and gone where people enjoy no longer. He was very successful in business and succeeded in amassing quite a fortune, with which he was very liberal, giving largely to charitable institutions. His wife and one son, Ogden Armour, who will become the head of the Co, survive him.

THE Missouri House adopted a resolution expressing sympathy with the Filipinos in their struggle for liberty. It is not exactly consistent for Missouri to be sympathizing with them while Uncle Sam is trying to subjugate them. The Filipino question is to us what the Boer problem is to England—a white elephant.

By a vote of thirty-four to fifteen, the Senate, Wednesday, knocked out the canteen in the army system.

Ex-Gov. BRADLEY, we are informed, wants the Federal Judgeship if the new district is made in Kentucky. They are bobbing up from all points of the compass, and the fight bids fair to become interesting and probably amusing to us who merely look on. It is none of our fight, and we don't care a great deal about who gets it.

Mr. and Mrs. W. G. Mullins and Mrs. Rome Adams came Sunday to see their brother, R. B. Mullins, who is very sick with fever.

W. M. POYNTER. Dec. 21, 3t.

There are already two candidates in the field for county Judge. W. R. Dickerson and A. N. Bentley both of Livingston and no telling how many more there will be inside of the next two weeks.

For Sale.—Having decided to change my business, I desire to sell my farm situated at Maretburg, Rockcastle county. This is one of the most desirable farms in the county; will sell cheap and on very easy terms. S. H. Martin, Maretburg, Ky. Jan. 4tf.

Superintendent W. A. B. Davis informs us that he has the money now to pay the teachers the balance due them on this year's work, and he also requested us to say that no teacher would get his or her money until both the term and annual reports were properly filled out, signed and handed in.

Monday morning a corps of engineers began surveying the route for the new railroad from Orlando through to Jackson county. If the road is built, which it no doubt will be, the Eastern part of the county will reap a great reward; the immense coal field will be opened up and those who desire to get a share of the spoils now is the time to get a foothold.

The proposed railroad, which the Southern R. R. Co., has been talking of building for some time between Burgin and Jellico, is now almost sure to come, and via of Lancaster and Brodhead will be the route. Those who are in a position to know, say that it is not talk but that the road is sure going to be built.

The quarterly statement of the Mt. Vernon Deposit Bank appears in this issue. It is most certainly encouraging to see, what splendid progress this institution has made since it started Oct. 2, 1900. The sworn statement, which appears in another column, shows the deposits and loans to be exceedingly large for the time it has been running and the financial condition of the bank to be good.

POPULATION.—The first magisterial district of Rockcastle county including the town of Mt. Vernon has a population of 3,220. Mt. Vernon has 422. The Second magisterial district has 2,444. The Third district including the town of Livingston has 3,633. The town of Livingston has 805. The Fourth district including Brodhead has a population of 3,109, and the town of Brodhead 337. The population of Rockcastle in 1890 was 9,841 and in 1900, 12,416.

The corporation, which has caused considerable comment for the past few weeks, has again ceased to be topic of discussion and as of yore it will remain so, until the boys get some more large fire crackers and begin to throw them promiscuously around over the streets. There is only about one time in the year, when a corporation is in demand and that is about Christmas times, so about the only way we see to have a good corporation, is to have Christmas every day, until it is started.

The Masons, of Brodhead, had a public installation of officers, last Saturday night, and a banquet at the Frith Hotel, which was a feast that even the gods would have appreciated. Brodhead doesn't do things by halves and those from Mt. Vernon who attended wish there would be an installation of officers at Brodhead every month, especially if the supper was part of the programme. The officers for the ensuing year are, J. R. Cass, W. M. Percy Benton, S. W. J. J. Wood, J. W. J. F. Watson, Sec. R. S. Martin, Treas. J. T. Cherry, S. D., A. K. McClary, J. D. and Job Yonce, Tyler.

Mt. Vernon, Ky., Jan. 9, 1901 To R. G. Williams, Judge of the Rockcastle County Court, and P. D. Colyer, Attorney for Rockcastle County: You are hereby notified that I will, on Tuesday the 5th day of Feb., 1901, or at the first meeting, after that date, of the Kentucky Board of Prison Commissioners, at Frankfort, Ky. move and request said Board to parole C. M. Newcomb, now serving a term of 21 years in the State Prison at Frankfort, Ky., for manslaughter. Larken Hicks.

We, R. G. Williams, Judge of the Rockcastle County Court, and P. D. Colyer, Attorney for said county, do hereby certify that a copy of the above notice was this day served upon each of us. This Jan. 9, 1901.

R. G. Williams, Judge. P. D. Colyer, Co. Att.

Supervisors. The board of Supervisors, composed of J. G. Frith, Frank Blazer, Robt. Norton W. G. Mullins and J. J. Baker met here Monday morning and began their work, they will probably finish today.

Camp Cummins, of Livingston and Mrs. Katie Meyers, widow of Sam Meyers, were married Wednesday at the home of Mr. and Mrs. Joe Poynter. They left on the afternoon train for Livingston where they will make their home.

DEAD.—Rev. C. D. Burnett died last Friday night at his home near Level Green, of pneumonia fever. He was buried with Masonic honors Sunday, at Burnett's Chapel. R. L. Brown, F. L. Turpin, D. C. Poynter and J. A. Landrum were the Masons from this lodge who were present.

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI

strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Cross, Germantown, Mich. "When I commenced using Wine of Cardui I was hardly able to walk across the house. Two weeks after I walked half a mile and picked strawberries. When my other child was born I suffered with labor pains 24 hours, and had to raise him on a bottle because I had no milk. After using the Wine during pregnancy this time, I gave birth last month to a baby girl, and was in labor only two hours, with but little pain, and I have plenty of milk. For this great improvement in my health I thank God and Wine of Cardui."
